

PRESIDENT STARTS ON HIS LONG TRIP

Plans to Make Brief Visit
in Twenty-Five of
the States.

HAS AN ELEGANT TRAIN

Most of the Members of His
Cabinet Went with Him
on the Journey.

WILL BE ABSENT ONE MONTH

Washington, April 29.—The presidential special, with its forty passengers, left the Pennsylvania station at ten thirty this morning on its ten thousand miles journey. The President and Mrs. McKinley were both in excellent health and all indications point to a pleasant trip. A large crowd pressed around the gates to bid the party godspeed as the train pulled out.

Today's stopping schedule is Alexandria, Charlottesville, Lynchburg, and Roanoke, Va., and Bristol Tenn., where the train arrives at eleven tonight.

A pilot engine precedes the special by ten minutes and another follows to be on hand in case of a possible break down. Ten hours ahead on the main track of each division will be cleared of all freight.

Elegant Train Made Up.

The train which will carry the president and his party for the next seven weeks throughout the length and the most of the breadth of the United States is one of the finest trains ever run over an American railway system.

The train, which is entirely new, is made up of seven cars. The president's own car, the Olympia, will be in the rear of the train. Next to the engine is the baggage and smoking car, followed by a new dining car with a capacity of forty people. The next two are compartment cars with seven staterooms and two drawing rooms each. The fifth and sixth cars are handsome twelve-section drawing rooms cars.

The president and Mrs. McKinley will have their meals served in their own car.

Headed for San Francisco.

The prime idea is to get to San Francisco to witness the christening of the battleship Ohio on Saturday, May 18. But there have been so many invitations to stop over at various cities on the route to the coast and likewise on the return trip that soon after it was announced that the president would go to San Francisco it became evident that the journey would be a long one, not only in the matter of distance but in time.

First Long Stop at Memphis.

The first stop of any consequence will be made at Memphis, Tenn. The train will reach Memphis Tuesday afternoon at 4:30 o'clock, and will leave the next morning at 1:30. Then will come Vicksburg and Jackson. Vicksburg has arranged quite a reception, but it will have to be crowded into an hour and a half, and Jackson will get only fifteen minutes.

On Wednesday the president and friends will reach New Orleans where there will be a banquet at which the president will undoubtedly make the first formal address of the trip. As he will be in New Orleans all day Thursday there will be considerable opportunity for greetings and sight-seeing. At 6 p. m. Thursday the train will start for Houston.

In the Great Southwest.

All of the principal cities of the great southwest are to be visited, the most of them very briefly. In the list are San Antonio, El Paso and Phoenix. In all of these southern cities either elaborate or unique celebrations are to be tendered the president, the time of the stop controlling the nature of the greeting.

San Francisco will be reached on May 15, if the itinerary is adhered to, and the president will remain there or in that vicinity until May 20.

The Return Trip.

The schedule for the trip back shows that Salem and Portland, Ore., are to be visited; that hence the train will be headed direct for Puget Sound. Tacoma is to be reached on the evening of May 23. Here a steamer will be taken for Seattle, and from there over the Northern Pacific railroad the presidential party will head for Spokane, which will be reached on Saturday, May 25. The party will remain here over Sunday.

Then en route again Butte and Helena, Mont., will be seen, and thence to the Yellowstone National Park. Two days will be spent there.

One Day in Chicago.

A few cities and towns in Kansas and Missouri will be touched at. In Illinois the president will stop at Moline and Rock Island. The president's

special is due in Chicago at 3:30 on the afternoon of Tuesday, June 11. Mr. McKinley will attend a banquet that night but will leave for Chicago at or near the midnight hour.

Ohio will then be visited and some big receptions will then be tendered particularly in Cleveland and Toledo, though the itinerary shows only short stops. On June 13 Buffalo and the Pan-American exposition will be seen, and the next day there will be a side trip to Niagara Falls. President McKinley will formally open the exposition in Buffalo. Washington will be reached on Saturday June 15, and the president will be at home again after traveling nearly 10,000 miles and having passed through twenty-five states.

SAWMILL IS BURNED.

The Plant of the J. K. Jeffris Lumber Company Destroyed.

Rhineland, Wis., April 29.—Last Friday night for the fourth time since its establishment, the sawmill and drykilm of the D. K. Jeffris Lumber company at Jeffris, fourteen miles from this city, was destroyed by fire. The plant is valued at \$15,000. It will be rebuilt.

Forest fires are raging in the vicinity of the city and unless rain comes soon there may be a great destruction of property.

ELECTRIC RAILWAY FRANCHISE TONIGHT

It Will Come Up Before the Council—
Probability That It Will Pass
Without Trouble.

The granting of the electric railway franchise will come up before the council this evening. In this, as in all cities there are some who have objections to granting of the franchise. Most of the objections are easily remedied and can be settled to the satisfaction of all concerned. It is hoped that the council will not follow in the footsteps of Beloit and allow some personal grievance of one of two interested parties, to stand in the way of something which will be a lasting benefit to the city.

The survey has now reached a point about five miles south of the city. Mr. Jackson and his assistants are busily at work laying out the line and establishing grades whereby the heavy grades may be avoided by following the valleys.

A number of the residents of Af-ton have petitioned Mr. Clough to come up the west side of the river from Beloit, take in Af-ton, and continue on up the west side to this city. He went over the proposed route yesterday and on account of the hilly nature of the country on that side of the river concluded the other route was the best suited for their purpose.

Of all the routes looked over the present one presents the fewest difficulties and even on this route in numerous places fills from ten to fifteen feet high will have to be made. The work on the road will be commenced as soon as the survey is finished and grades established so that the contractors can have something to figure on.

A road of this character does not follow the surface of the ground, like a city road, but makes cuts and fills to keep the grade as near level as possible. It is about as much of an undertaking to construct a road of this kind as it is to construct a steam road.

MILWAUKEE HAS A FAILURE.

Stock and Grain Exchange Cannot Pay a Debt of \$15,000.

Milwaukee, Wis., April 29.—The Milwaukee Stock and Grain Exchange a corporation which has been dealing heavily on the Milwaukee Chamber of Commerce, is insolvent. J. R. Lewis of St. Louis has made a demand for \$15,000 due him as a balance on margins and W. C. F. Kruehl, who acts as the manager of the concern, admits the debt and also the inability to pay it.

ANNUAL MEETING OF THE Y. M. C. A.

The annual meeting of the Y. M. C. A. will be held at the association building tomorrow evening at 7:30 o'clock and will be especially attractive. The social side of association work will be strongly emphasized, by holding a social in connection with the business of the annual meeting. Members of the Woman's Auxiliary have been invited to meet with the Y. M. C. A. members and it is expected that there will be a large attendance and an enjoyable time.

Besides the reports of the officers, which will be interesting the election of officers and the transaction of other necessary business there will be brief addresses and good music. Following the program there will be a general social time during which refreshments will be served by the ladies. Every member of the association or the auxiliary is cordially invited to be present.

WORKMEN BURIED IN A TUNNEL; EXPLOSION DROPS TONS OF EARTH

Brave Efforts Made to Rescue Them at Frederick,
Md.—Entombed Encourage the Rescuers by
Their Cries—Several Bodies Taken Out.

Frederick, Md., April 29.—While a forty-foot shaft was being sunk in the west end of Mount Airy tunnel, which is to be one and one-half miles long, for the new improvements on the Baltimore and Ohio railroad near Ridgeville, twenty miles from Frederick, about 3,000 tons of earth fell upon the workmen in the tunnel, entombing a number of the seventy-five men who were there. Arthur Frazier (colored), laborer, of Washington, D. C., was taken out dead about midnight, and at 5 o'clock a. m. the dead bodies of Douglass Hicks (colored) and Michael Coyne, foreman, of Fayette county, Pennsylvania, were recovered. Michael Kerns, another foreman, is said to be under the debris, with perhaps several others. However, this is uncertain as many of the men who have not been accounted for may have wandered away. There are over 1,000 employed on the improvements in that vicinity.

Lives Endangered by Fire.

Latrobe, Pa., April 29.—The entire tippie, engine house and boiler house of the Dorothy coal and coke plant of the American Steel and Wire company is a smoldering mass of ruins, and it is rumored that either four or six

miners have lost their lives, but at this time the rumor cannot be verified. The loss is estimated at \$150,000, fully insured. Two persons are known to be injured. They are: Superintendent Rodgers, suffocated while endeavoring to rescue entombed miners; William Gill, suffocated while assisting Superintendent Rodgers in the work of rescue. Five miners were known to have been in the mine at the time, but they knew nothing of the fire until twelve men descended the airshaft, which is 250 feet deep, and told them of the fact. They were rescued, but there are rumors tonight that six more were in the mine at the time. Thirty mine mules were at the bottom of the shaft, and these have undoubtedly perished in the flames.

Two of Entombed Miners Rescued.

Aurora, Mo., April 29.—Light and air have been let in on the five miners who had been entombed in a shaft here for two days. Two were rescued alive, one was found dead, and the other two are supposed to be lifeless. Grant Shad was mangled by falling rocks and earth and died instantly. William Shane, who was pinioned by the foot, with a dead man underneath him, was rescued at 11 p. m.

STATE SENATORS IN A PECULIAR SCRAPE

Four Members of the Legislature at
Madison Entertain Members of
the Anna Held Company.

Madison, Wis., April 29.—Four members of the senate are involved in a scrape which may have some disagreeable consequences aside from the scandal which an exposure would create. Anna Held and her bunch of artists recently gave a show in town and after the show was over there was a side entertainment which savored somewhat of the kind which is becoming more or less common with the "stag" element.

Several of the fairest of Anna Held's outfit accepted invitations to act as principals in the stag party, which was held in a room just off from the Capitol square. There was wine in abundance and a generous lunch was provided. The room they occupied is under the Dane county telephone office. About 2:30 in the morning the "hello" girls heard a female shriek of "Murder, help!" from below.

They telephoned the police station, and three officers arrived. One senator was defiant and abusive, with the result that he was taken to the station and spent a little time in a cell. Another senator was also taken in charge by an officer but was not locked up. Chief of Police Barker was roused out of bed at home, the matter was fixed up, and the senators, after a short sleep, got busy trying to hush it up.

But there are other complications which promise to bring the matter out. The president of the telephone company, J. C. Harper is on the war-path, securing testimony as to what occurred, and promises to bring the senators to account in court.

ALL PROSPECTS IN FAVOR OF FARMERS

Effects of Bad Weather Are Not Felt,
and Foreign Crops Are in
Bad Shape.

New York, April 29.—Discussing the financial situation Mr. Philip King in today's Sun says: "Practically the only unfavorable factor in the business life of the country continued to be during the most of last week, as it has been throughout the month, the spell of rainy and cold weather. There are some hopes now that it is finally through with. Its effect has been more disagreeable than disastrous, and the annoyance has been felt chiefly in the situation, Eastern and Middle states. Little if any, crop damage has been done in the great grain producing sections.

Indeed reports from all private sources indicate that the condition of the grain field as a whole has been improved since April 1, some states declaring the condition to be perfect. The price of wheat and corn continues to hold very strong on the large export business and the bad crop news from foreign countries, the estimated shortage from damage to the German wheat crop being 40,000,000. This is to be deplored in a broad sense, of course, but its direct effect upon the revenues of the American producer is obvious. Certainly fortune seems to have a very tender spot in her heart these days, for the agriculturists of our country."

EX.GOV. HOGG PICKS UP A FINE FORTUNE

Reaps a Fortune of \$3,000,000 in Oil
and Timber Land Speculations
at Beaumont.

Dallas, Texas, April 29.—Former Governor James S. Hogg has for several days been credited with having made approximately \$3,000,000 in oil and kindred interests at or near Beaumont. The reports were not accepted at their face value until today, when a letter from Governor Hogg to a personal friend, W. A. Shaw, a member of the legislature from Dallas, settled it.

In addition to having procured possession of 500 acres of the richest oil lands in Beaumont, and also having made by various transactions several hundred thousand dollars in ready money, Governor Hogg has acquired 1,500 acres of iron ore land surrounding New Birmingham, and comprising the pick of the great iron belt of Cherokee county.

With the land he has secured control of the big foundry, furnaces, buildings and everything connected with the industry that makes it ready for immediate operation.

RAILWAY TRAINMEN MEET IN MILWAUKEE

Delegates Assembling for the Annual
Convention Which Opens on
Monday, May 6.

Milwaukee, April 29.—Railroad employees from all parts of the United States and Canada are beginning to gather here preparatory to the convention of the Brotherhood of Railroad trainmen, which convenes May 6. This organization is the largest of any fraternal body of railroad men in the world. The membership is about 75,000, all of whom carry insurance from \$400 to \$1,200. The membership is confined almost entirely to brakemen.

Members of the different committees have been arriving in the city and by the time the convention goes into session the reports of these committees will be ready to be acted upon.

William Dougherty of Cleveland, chairman of the board of contested claims, says that his committee will pass upon the merits of 112 cases, aggregating over \$100,000.

J. P. Morrissey of Bloomington, Ill., who is the grand master of the organization, has no opposition for re-election. He has held the position since 1895.

J. P. MORGAN BUYS AN ENGLISH LINE

London, April 29.—J. Pierpont Morgan has acquired control of the Leyland lines a fine fleet of steamers plying between the United States, Portugal, Italy, Sicily, Malta, Egypt, Turkey and the Black sea. He paid a quarter of a million pounds last Saturday night as a deposit. The Leyland exceeds in tonnage all but one of the English lines.

It is understood that Morgan intends further shipping purchases and it is feared that his combinations will have serious consequences for British trade.

NATIONAL DEBT OF THE WORLD.

Obligations at the End of Nineteenth Century Are \$31,000,000,000. Washington, April 29.—Thirty-one billion dollars is the aggregate of the national debts of the world. This is ten times as much as in the closing years of the eighteenth century, according to the expert statisticians of the treasury bureau engaged in this work. This bureau has just issued a statement on the subject, it apparently being suggested by the recent announcement of the new British loan of \$30,000,000.

In 1873, at the beginning of the Napoleonic wars, the national debts of the world amounted to approximately \$2,500,000,000; in 1900 they were, according to the best information obtainable, \$31,000,000,000. In general terms it may be said that the world's national indebtedness in 1900 aggregated ten times what it did at the beginning of the nineteenth century.

Great Fire at Pittsburg.

Pittsburg, Pa., April 29.—Fire which originated in the basement of the department store of George E. Lorch & Bros. at noon destroyed that building and gutted five business houses and twelve residences and damaged a number of others. The loss will be a quarter of a million dollars. Several persons are reported missing.

GIRLS MASQUERADE IN MALE ATTIRE

Fair Co-Eds of Emerson Hall, Beloit
Had a Great Old Time Sat-
urday Night.

Beloit, Wis., April 29.—The girl residents of Emerson Hall, the well dormitory connected with Beloit college, Saturday night entertained their sister students at which garments of masculine type dominated. While the attendance was limited to bona fide codes, rumor has it that many of the costumes were extremely gorgeous and picturesque.

The grand march that preceded and closed the festivities was led by "George Washington" in stunning knickerbockers and frock coat. Among those who followed the intricate figures of the march were golf lads, in natty trousers and hose, blue bloused sailor lads, waifs of the street in gunny sacks, preachers in grave ministerial garb, cowboys with red sweaters and hughie sombreros, summer chappies in white ducks, gentlemen in evening attire, and just plain, every-day college students.

The boys who had loaned their clothes for this occasion were anxious to see how their habiliments would fit and they persisted in peeking. They failed, however, to count on feminine sagacity and resources, for scarcely would a pair of lads ensconce themselves on a window sill than they would be deluged with a shower of water for an upper story or the sudden closing of a window would pinch masculine fingers.

In spite of interruptions the young women profess to have had a good time, and were so favorably impressed with their appearances that they posed for several flashlight pictures.

BRITISH TROOPS RAID THE BOERS

London, April 29.—Lord Kitchener reports from Pretoria: "Major General Kitchener's scouts under Grenfell command, captured Van Reesburg's laager at Klipdam. Seven boers were killed, thirty seven prisoners, eight thousand rounds of ammunition and all the cattle and wagons captured. Our loss was only one wounded. Other British columns report three Boers killed, fifty-eight prisoners taken, fifty-seven surrendered and one quick firing gun captured."

FIRE SWEEPS THE TOWN OF WAUTOMA

County Seat of Waushara County, Wis.,
Practically Destroyed—Loss is
Over \$50,000.

Milwaukee, Wis., April 29.—Wautoma, the county seat of Waushara county was practically destroyed by fire this morning. Loss one hundred and fifty thousand.

TIM MURPHY CHANGES NAME.

Actor Thinks Diminutive Form is Ob-
stacle to His Success.

Washington, D. C., April 29.—Tim Murphy is no more, having last night changed his name to Timothy Lawrence Murphy. The change was made because the star comedian of "A Texan Steer" and "The Carpet Bagger" became convinced that plain Tim Murphy was a drawback in appealing to high class audiences. Mr. Murphy said that he had become convinced he must be rechristened if he intended, as he did, to continue his endeavors to rise as an actor of legitimate artistic parts.

SOUTH AND WEST SHOW PROSPERITY

The Whole Country Is De-
veloping a Wonderful
Business Activity.

TRADE AT HIGH MARK

Genuine and Healthy Growth
of All Our Industries
the True Cause.

CAPITAL SEEKS NEW FIELDS

Chicago, April 29.—"Business conditions are splendid. Everything is contributing to a full pocketbook. Never before in the history of our country have all sections been so simultaneously prosperous as at present."

This was the statement of John J. Mitchell, president of the Illinois Trust and Savings bank, who returned yesterday from a business trip to New York. Mr. Mitchell discussed the situation in the stock market, especially with reference to railroad securities, asserting that the remarkable advances of the last two weeks were due not to speculation or boom times, but to a genuine and healthy material development.

Due to Two Causes.

He said: "The general advance is due to two causes—first, the increased earnings on investments, and second, the ease of the money market. Yes, there was a fear early last week that money might be tight, but conditions settled down and there is now no trepidation on this score. In fact, as we know, money is becoming more plentiful right along."

Air of Confidence General.

"The belief that the changed conditions are general is shared, as far as I can judge, by the leading financiers in New York and elsewhere. There is a general air of confidence regarding the future, notwithstanding that impressions have prevailed in some quarters that the present indicated merely a speculative boom. In the sudden upward rush of prices it is true some men have made much money by timely buying, but the judgment prevails I repeat, that the advances are due to the recognition of true values. An instance in point is the offer of a guarantee of eight per cent. on certain railroad stocks by James J. Hill, the greatest, or one of the greatest, railroad men in the country and a leading financier."

Prosperity of the West.

"In the east much attention is now paid to the prosperity of the Mississippi valley. The crops are good and industry is known to be thriving everywhere. In the south the development has been slowly gathering momentum is now reaching a point where it is simply marvelous. I refer not merely to good times in agriculture, though this feature is sufficiently marked, but to the growth of manufacturing and the increasing interest, on the one hand, of northern investors in the south, and on the other hand the tendency of southern capital to seek new fields of employment. All of this has a great effect not only on the south itself, but on the financial and commercial affairs of the country at large."

MRS. NATION RAVES IN HER JAIL CELL

The Famous Kansas Saloon Smasher
is Said to Be Hopelessly In-
sane at Wichita.

Wichita, Kan., April 29.—Mrs. Carrie Nation was a raving lunatic last night and today. At six o'clock her fit passed off and Sheriff Simmons deemed it advisable to accept her bond. He will let her attend her brother's funeral if her friends will accompany her. He says that she is hopelessly insane and that he is glad to get rid of her.

Mrs. Nation's insanity was of the acute type and she was tied in her cell a part of the time to keep from harming herself. She was placed in solitary confinement several days ago for assaulting Mrs. Wilhite, who assisted her in wrecking three Wichita saloons. She accused Mrs. Wilhite of being a two faced spy sent by saloonists to cast a spell upon her. James Ray her attorney and Wilbur Jones, her former bondsman, called at the county jail to see her and were informed she would not see them. She called them traitors. Then she went into hysterics and imagined herself smashing saloons, going over in pantomime the deeds which made her notorious.

When she began to pound herself on the head and tried to break down cell doors Sheriff Simmons became alarmed and hung quilts around the cell that she might not injure herself.

J. W. SALE,
County Judge.

Whitehead & Matheson, attorneys for
petitioner.

CALLAHAN FOUND INNOCENT

He Is Acquitted of Kidnaping
Packer's Son.

JURY IS REBUKED BY COURT.

Judge Baker Expresses His Surprise at
the Verdict—Prisoner Will Not Be
Tried on the Two Other Charges
Made Against Him.

Omaha, Neb., April 29.—After considering over night the guilt or innocence of James Callahan the jury announced in the morning that he had no part in the kidnaping of Edward Cudahy, Jr. The verdict was an evident surprise to the court, and Judge Baker expressed his disgust in emphatic terms. Callahan was arrested on two other counts, which the state is not now prepared to say will be made use of, as no new evidence is at hand, and the expense of going over the ground again is considerable. The jury notified Judge Baker at 9 a. m. that it had settled upon a verdict, and the news spread among attorneys and interested parties so that an audience of fifty awaited the twelve men as they filed into the court room. Callahan occupied his usual seat and betrayed no apprehension as to the outcome. His face was a blank as he watched the unfolding and listened to the reading of the verdict. As the words "Not guilty" were pronounced, however, Callahan half rose to his feet, his lips parted in a smile and he turned his eyes gratefully toward the jury.

Judge Baker Rebukes the Jury.
Judge Baker studied the wording of the verdict for several minutes in silence. Then he wheeled in his chair and addressing the jury said:

"If Callahan had made his own choice of a jury he could not have selected twelve men who could have served him more faithfully. If the state for its part had made the selection, I know of no men it could have named who could have been less careful of its interests. The jury is discharged without the compliments of the court, and the prisoner is likewise turned loose as to this trial. I presume to continue the criminal practices in which you have failed to check him. I do not know what motive actuated you in reaching this decision, but I hope none of you will ever appear again in this jury box."

The jury was evidently ill at ease during this arraignment, but did not make any response and fled rapidly from the box as soon as it was at liberty. In the hallway Callahan shook the jurymen's hands.

Callahan to Be Released.
General Cowin, leading the prosecution, says that Callahan will probably be released at once. The other charges against him, grand larceny and false imprisonment, the General points out, are virtually the same. The state would be obliged to depend on the same evidence as that which has already been brought out, and there is doubt in any event whether Callahan could be tried again on a charge so closely akin to that on which he has been declared innocent. County Attorney Shields will be guided by this view, and Callahan's liberty is virtually assured.

Railroad Depot Is Burned.
Racine, Wis., April 29.—The depot at Western Junction, seven miles west of this city and on the main line of the Chicago, Milwaukee and St. Paul railroad, was burned to the ground shortly after 1 p. m. The employees were unable to save anything, and tickets, books and baggage were destroyed. The depot is a total loss. The hotel east of the depot, owned by E. Klinkert, caught fire, but a bucket brigade was organized and the building was saved.

Troops Burn Rebel Camp.
Manila, April 29.—For the tenth time the camp of the rebel General Cailles has been captured by the Americans, but the insurgent leader once more made his escape, although his loss in men and stores was greater than in any previous defeat. This time Captain Wilson Chase of the Twenty-first Infantry, in charge of a special expedition, was sent out to capture Cailles, who has been declared an outlaw. Cailles, it recently was announced, has declared himself Agulnaldo's successor. The rebel camp and arsenal were burned after all valuables had been carried away by the Americans.

Give Boers Long Fight.
Cape Town, April 29.—A dispatch has been received here stating that twenty-five men belonging to the Prince of Wales Light Horse kept 400 Boers at bay for eight hours at a place fifteen miles from Kroonstad. Fourteen of the Boers were killed and several wounded. Subsequently the British were forced to surrender.

Horses Have Diphtheria.
Geneseo, N. Y., April 29.—A disease which several veterinarians have diagnosed as diphtheria, is prevalent among the horses of farmers living between this village and Conesus lake. The disease is in a severe form, and none of the horses which have been attacked have recovered.

Falls 200 Feet to Death.
Ogdensburg, N. Y., April 29.—Edward Rogers, while intoxicated, attempted to walk the hand rail of the 200-foot bridge spanning the Oswegatchie river at Gouverneur. He fell off and was drowned in sight of his companions.

FILIPINO GENERALS YIELD.

Commanders Torres and Toribio, with
Followers, Finally Surrender.

Manila, April 29.—A column of native scouts dispersed Gen. Toribio's command at Lake Naft, Island of Mindanao, on April 21, causing the surrender at Butuan, the town where Magellan landed, of the general and twenty-one officers and thirty-four rifles.

Capt. McCrea defeated some insurgents under Gen. Torres at Norzagaray, Province of Bulacan, yesterday, and as a result Torres surrendered. He will be held as a prisoner until certain atrocities attributed to him are investigated and because he did not come in until he found himself in danger of capture.

There have been several more surrenders of insurgents within the past day or two. Col. Morales with three officers and eleven riflemen surrendered at Malabon, Luzon, and Col. Dayrit gave up at Mahalacat, Province of Pampanga, eighteen riflemen. He also promised to bring in the remainder of his command. Last Tuesday Lieut. E. J. Williams of the Fifth Infantry captured twenty-four of Villamor's riflemen.

During the court martial of Lieut. Boyer of the Thirty-ninth Volunteer Infantry for participation in the commissary frauds, the prosecution showed that he had made false invoices to the amount of value of the stores he had improperly disposed of.

Strip and Search Prince.
New York, April 29.—Prince Henry de Cr y, scion of an ancient Belgian house and son of the Duke de Cr y, was stopped today by customs inspectors as he stepped from the steamer Potsdam of the Holland-American Line, on which he had come from Boulogne. He was forced to undress and submit to a personal search. Seized in his garments were found jewelry, rare fabrics and antiques. From his ripped clothing gems and valuables said to be worth thousands of dollars were taken.

Thinks the wife, to have the wedding ring slip from the finger. "Something is going to happen."
Something is happening. That ring could hardly be pulled from the finger when it was put there a few years ago. Now it slips off by its own weight. How thin the fingers have grown! And the fingers don't grow thin alone. How thin the face is and how thin the once plump form. Almost unconsciously the wife has been fading and wasting away. The strength given to children has never been regained. Drains which should have been stopped have been neglected.
That is a common experience with women, unless some friend has shared with them the secret of the strengthening and healing power of Dr. Pierce's Favorite Prescription. It regulates the periods, dries the drains which undermine the strength, heals inflammation and ulceration, and cures female weakness. It makes the baby's advent practically painless and gives vigor and vitality to nursing mothers.
"Words cannot tell how grateful I am for your kind advice and good medicines," writes Mrs. John Cooke, of Hastings, Northumberland Co., Ontario. "I have been in poor health for four years back and this spring got so bad I could not do my work. I went to the doctor and he said I had ulceration and falling of the internal organs, but thought I would try your 'Favorite Prescription.' I took five bottles and three of the 'Golden Medical Discovery' and one vial of Dr. Pierce's Pellets, and I can safely say that I never felt better in my life."
A Ladies' Laxative—Dr. Pierce's Pleasant Pellets. One single, small pellet is a laxative dose.

"Never Smoke" TRADE MARK. Lamp Wick.

Because it never smokes the chimney. Because of perfect combustion it uses Less Oil and gives Better, Brighter Light.

One Half More Light,
One Third Less Oil.
No Smoke.

Wicks for Flat Burners, 3 1/2 inches and less, 5 cents each. 50 cents per dozen.

GEORGE D. HERRON.

Professor Geo. D. Herron, who for eight years occupied the chair of applied christianity in the Grinnell, Iowa College, is making life quite interesting for the congregational brethren just now, and by the time the scrap is settled, it looks very much as though the erratic professor would be on the outside, where he belongs.

Geo. D. Herron appears to be training in a class very largely by himself. He possesses not only peculiar ideas of christianity, and the church, but he practices a code of morals, that to say the least is peculiar.

He has a wife and four children at Grinnell, but his fine strain of ethics induced him to forsake his family and spend a year abroad as the guest of a wealthy lady and her daughter. His wife was finally persuaded to secure a divorce for a consideration, leaving the enamored professor free to marry the wealthy daughter, and he is now said to be in New York for that purpose.

Professor Herron possesses platform talent, as well as common deviltry, and his reputation as a speaker and instructor won for him an audience in the great metropolis, but the city with all its wickedness, had some regard for virtue and common decency, and the Reverend Dwight D. Hillis, had the courage to puncture the bag of wind, and let New Yorkers know what kind of an every day skate Geo. D. Herron was.

New York enjoys the distinction of a "Get Together Club," and the free and easy name of this organization induced Geo. D. Herron to apply for membership. He discovered, however, when they kicked him out at the back door, that it was not a harem or a safe retreat for home workers.

Since Dr. Hillis' denunciation of the man and his methods, the good people of the little town of Grinnell have become wonderfully courageous. They are now planning a church trial and propose to read the riot act to the wiley professor. They are even brave enough to say that they have long been convinced that Professor Herron was an every day hypnotist. And yet they harbored him to teach their young people what he professed to know about christianity.

There are some lessons growing out of this experience with Geo. D. Herron, that can be studied with profit by managements of religious and literary colleges. His case may be exceptional so far as immorality is concerned, but it is altogether too common so far as loose theology and un-American instruction is concerned.

The theological schools of Boston are a hot bed of Unitarianism and Universalism, and every protestant church in the city is tainted with it to a greater or less extent. There seems to be a disposition all over the land, to drift away from the old land marks, and modern thought, along these lines, while properly interpreted means loose thought, encourages all sorts of fads and theories. Preachers get so full of advance thought that the church of the fathers isn't good enough for them, and they break away to assert their independence and become drifters.

In the literary field, presidents and professors become theorists, and as a result all sorts of nonsense is instilled into the minds of young people, and by the time they are ready for life they don't know what to do with it, and it takes ten years of contact with cold facts, before they come to themselves.

It is about time to call a halt along these lines and weed out the George D. Herrons, the President Hadleys, and men of that class in the interests of future generations.

LOOK OUT FOR THE CARS.

This very familiar warning at all railroad crossings, has doubtless saved a good many people from accident, and railway companies are wise in hanging out danger signals.

There are other forces however, that are less discrete and more venturesome; and when they strike a town without warning, there is always danger of someone being injured.

One of these forces is called the car of progress. It claims the right of way over any street, is too lawless to bother with a franchise, never stops to say, "by your leave," but when headed your way, puts on steam, pulls the throttle wide open, kicks the brakes loose and goes ahead.

Janesville has watched the destructive, swift influence of this lawless force in Rockford, Beloit and surrounding towns for a number of years, and occasionally a venturesome soul has said, "I wish the train would head this way."

The most of us have been content to watch the wheels go round in other

cities, and listen to the hum of busy life at a distance and so when the whistle blows, the bell rings, and the engine bears down on us, we run to cover, and say "Look out for the cars."

Caution is a good thing to cultivate and it is better to be too conservative, than too reckless, yet there is really no occasion for alarm in the present instance.

The train that is moving this way is equipped with modern appliances, and while it appears to be moving at a strong and steady pace, yet it is under control and nobody will be injured. The man who attempts to put obstructions on the track might get hurt. Obstructionists are always in danger.

All joking aside, it don't take a very long ear to "hear dem bells" nor a very strong sense of vision to see that Janesville is on the eve of prosperous and permanent development. The man who can't appreciate the fact and lend a hand, can at least afford to look out for the cars and not obstruct progress.

The public has little sympathy for people who have so much property that they can't afford to pay taxes on it. With a tide of prosperity will come an increase of valuation, that will more than make good a few dollars of extra taxes.

Janesville can just as well have a population of 200,000 in five years as not, and with that increase of population every dollar's worth of real estate will advance twenty-five per cent.

General prosperity means individual prosperity, the two always go hand in hand. Instead of watching the cars with fear and trembling, lets get aboard, and join the excursion.

Prof. Herron will not die happy unless he is tried for heresy, and if Grinnell is wise she will not give him the satisfaction of posing as a martyr.

Dr. Sheldon has a plan for a Christian theatre, but we may expect it to run about as long as his Christian newspaper did.

A Philadelphia doctor believes no man should run. A marked copy of this ought to be mailed to the editor of the "Commoner."

Assemblymen are working overtime to make up for working under time during the early part of the session.

The cart that appears on Harrison's campaign buttons is probably intended to carry his remains up Salt Creek.

The question is not, when will Russia take Manchuria, but when will she let go of it.

England is still keeping the Boers in suspense as to the way she is going to annihilate them.

NEWS OF A PERSONAL NATURE

A. E. Tanberg spent Sunday in Edgerton.

George Dower was down from Madison Saturday.

L. B. Carle and Sanford Soverhill will leave on Saturday next to attend the third annual meeting of the United States cigar leaf tobacco association. They go as delegates from the Janesville Leaf Tobacco Association.

THE VOTES ARE PILING UP

Additional Names Coming in Each Day, and the Count Creates More Interest.

The voting contest for Janesville's popular school teacher grows most interesting. Additional names and coupons are coming into the Gazette office and a number of people are expending no little time and labor to secure enough votes for their favorite teacher. It is understood there are several votes being "held up the sleeve" so to speak, that will be cast for a "dark horse" in the race just before the voting ends. It will be well to remember that on Thursday noon all votes must be in The Gazette office as the contest closes at that time. Following is the way the vote stands today:

Miss Lizzie Patterson.....	60
Miss Cora B. Spear.....	52
Miss Sarah Hickey.....	39
Miss Lizzie Harris.....	61
Miss Gertrude Zeininger.....	28
Miss Amy Bowles.....	30
Miss Margaret Joyce.....	29
Miss Cora Clemons.....	25
Miss Alice Shearer.....	22
Miss Ada Brandt.....	31
Miss Helen Welch.....	19
Miss Minnie Joyce.....	19
Miss Abbie Atwood.....	32
Miss Kate Nelson.....	27
Miss Jennie Cody.....	19
Miss Harriet Holt.....	30
Miss Jennie Patterson.....	22
Miss Alice Fenton.....	16
Miss Caroline Zeininger.....	20

Look for the coupon in another part of the paper.

Pianists' Club Will Meet

The closing meeting of the Pianists' club will be held at Mrs. J. F. Sweeney's music rooms in the Grand Hotel tomorrow afternoon at 3 o'clock. The program will be a miscellaneous one, and Miss Tessie Gibbons has had it in charge. It will include a piano duet by Misses Carrie Baldwin and Tessie Gibbons, piano solos by Mrs. Mabel Lewis Wilcox, Carrie Baldwin, Jessie Beach, Elva Crawford, Mrs. W. T. Sherer and Miss Bessie Wilcox; vocal solos by Mrs. Christine Hawley and Miss Lillie Bour, gemeyer and a reading by Mrs. George Paris.

Judd Robinson, who lives on the river road above the four mile bridge, was badly injured in a runaway while on his way home Saturday night. The wagon was wrecked and Robinson had three ribs broken. He was taken to the Palmer hospital where his injuries were attended to.

Martin Makes Promise

Aldermen F. E. Fifield and H. S. Gilkey returned last night from Oshkosh, where they went Saturday morning to look up John Martin, who has the contract for macadamizing Pleasant, Dodge and Court streets. He had not finished up his work, and as no satisfactory explanation could be secured from him, they made the trip to Oshkosh to look up his bondsmen.

They found Mr. Martin and gave him to understand that the city was tired of the way he was running things, and that he must come at once and finish up his work, or his bondsmen would be called upon to make good for him. Martin assured them he was making arrangements to continue the work, and would be in the city Wednesday, ready to complete his contracts.

For The Benefit Of All Sufferers.

Prof. Henry Ripken, Magnetic Healer, OF OLDENBERG, GERMANY

Has permanently located in Janesville, over Mr. Smith's fruit store, about the middle of the bridge on Milwaukee St. Prof. Ripken has rented the three room office over Smith's fruit store and has had them painted and papered throughout, making them the best in the city. He will move into his new quarters May 1st and will be pleased to have one and all come and see him.

Prof. Ripken treats all manner of disease, acute or chronic, without medicine, surgery or electrical appliances.

Consultation Free. Terms Reasonable.

MAGNETIC HEALING

has become a science, Which, under the direction of a man of knowledge, destroys every form of disease, no matter of how long standing, and causes those who have afflictions to rejoice over their restoration to perfect health. This science embraces the only known method of driving away disease without the use of drugs.

WHAT MAGNETISM IS AND DOES.

Vital or personal magnetism properly defined, is the intelligent use of a trained will. It is life and gives life. It penetrates obstructions, moves secretions and increases circulation, thus stimulating and strengthening the whole system. The intelligent people of the present day think, study and investigate. The trend of modern research is toward simplicity. It is gradually becoming more apparent, that, while we have thousands of diseases in name, we have very few diseases that are really different.

TO KNOW THE CAUSE OF A DISEASE IS HALF THE CURE

All diseases can be actually traced to one of three or four distinct causes. It is very necessary

REAPER DEATH IS BUSY THESE DAYS

SEVERAL WELL KNOWN PEOPLE FALL IN THE HARVEST.

Beautiful Life, Went Out on the Death of Margaret Ehle—Philip Carroll, an Old Settler, Gone—Mrs. David Myers Also Passed Away—Mrs. Burt Tresner and Geo. E. Wright

Another of the beautiful lives whose kindly influence sweetens life for all those who come in contact with them has passed from earth and many hearts have been saddened by the death of Mrs. Margaret Ehle. The final summons came to Mrs. Ehle on Saturday night at 10:45 o'clock when she crossed the borderland into the country from whose bourn no traveler returns.

Margaret Lucantelly was born on December 3, 1820 and had thus finished the 80th year of her life before she passed to her reward for faithful, loving service to others. On the 10th of July, 1839 she was married to John B. Ehle at Shohara, N. Y. Twelve years later Mr. and Mrs. Ehle came to this city and took a prominent part in the life of the thriving little village. Nine children were born to them but only two grew to maturity. These two still survive, being Lucy, wife of Millard F. Ide, and John D. Ehle.

Mrs. Ehle was one of the quiet, home loving women and all her care and devotion was given to her home and family. She was highly esteemed by all who knew her and her bereaved son and daughter will have the sympathy of many friends.

Funeral services will be held from the home, 127 Glen street, tomorrow afternoon at two o'clock. Rev. J. A. M. Richey, rector of Trinity church, officiating. The remains will lie in state from 11 to 12 o'clock and those who desire to view them are requested to call during that hour.

Mrs. Bert D. Tresner.

Mrs. Bert D. Tresner of this city died at her former home in Darlington last Wednesday and the funeral services were held from the Baptist church on Thursday afternoon, Rev. William Atkinson officiating. The interment was in the Union Grove cemetery. Deceased was twenty-three years of age and was a bride of less than a year. She was the youngest daughter of Charles A. and Rosetta Sweet, who removed with their family from Darlington to this city about two years ago. Ida Belle Sweet was born in Darlington on December 25, 1877 and grew to lovely young womanhood in that city. She was for years a member of the Baptist church choir and took an active interest in the work of the Sunday school.

On the 16th day of last May she was united in marriage to Bert D. Tresner but the happiness of the honeymoon was quickly shadowed by approaching death. She was stricken by tuberculosis last September and never recovered. When it became evident that death was not far off she requested her parents to take her back to the loved home of her childhood and there amid the precious surroundings the last days of her young life passed swiftly and peacefully away. A host of friends will extend their sympathy to the bereaved husband and parents. Two brothers and two sisters, Charles A. Sweet, Wilbert Sweet and Mrs. Clarence Hass, of this city, and Mrs. Thomas Clayton of Seymour, also mourn her loss.

Mrs. David Myers.

The death of another early settler occurred at 6:30 o'clock this morning when Mrs. Betsey Seeley Covert Myers, beloved wife of David Myers closed her eyes in the eternal sleep. Her death occurred at her home in the town of Harmony. Mrs. Myers had been sick but a few days with pneumonia and was not thought to be in a serious condition up to last evening. She failed rapidly through the night and her death relieved her suffering this morning.

Betsey Seeley Covert was born at Ovid, Seneca county, N. Y., January 4, 1826 and was married to David Myers December 13, 1855. Mr. and Mrs. Myers settled in Janesville in 1863 and have lived in Rock county ever since. Mrs. Myers was 75 years of age January 4th of this year. She was one of the original Covert family of New York. A husband and two children, Bennett D. Myers of Brookings, S. D., and Mrs. Frank B. Strickler of this city, survive her.

Mrs. Myers was an energetic, and active woman and retained her faculties to the end of her remarkable life. She was a careful housewife and her life was devoted to the service of others and to the care of her husband who has been in feeble health for several years. The remains of Mrs. Myers have been brought to the home of her daughter, Mrs. F. B. Strickler, where funeral services will be held Wednesday afternoon at 2:30 o'clock. The interment will be in Oak Hill cemetery.

Philip Carroll.

Philip Carroll, for many years a resident of the town of Janesville, Wis., died at his home, 441 Langley avenue, Chicago, last night. He had reached the advanced age of seventy-nine years and his death will be esteemed as a personal loss by the many friends who knew and honored him in life. He

came to Wisconsin in the early days of its history and was one of the oldest residents of the town of Janesville. He leaves four sons, Richard, John, James and Philip Carroll and four daughters, Mary, Catherine, Alice and Agnes Carroll. The remains will be brought to this city and laid in their final resting place in Mount Olivet cemetery. Funeral services will be held from St. Patrick's church tomorrow morning at nine o'clock.

George E. Wright.

George E. Wright, son of Mrs. Joseph Wright, who resides on Milton avenue, died at his home in Racine yesterday. He was quite well known in this city having moved to Racine only about three years ago. He leaves a wife and three children, also a large number of brothers and sisters. Those who reside here are C. R. John, James, William and Fred Wright and Mrs. M. Anderson. One sister, Mrs. Frank Davis, resides at Center.

NEWS OF THE DAY IN TOWN

Henry S. Sloan has the bill of a saw fish that was sent him from Florida, that is about four feet long, and armed with teeth about an inch and a half in length. It is an ugly looking thing.

Mrs. William Ruger, Jr., entertained a small company of ladies charmingly at her pleasant home in the Rexford flats, last Saturday evening in honor of Miss Jessie Echlin, who leaves for California next Wednesday. The evening was spent enjoyably in playing six-handed euchre, the prize being won by Mrs. George King. After the card playing, an elaborate supper was prettily served.

Mr. Samuel Walker, the representative of the Hadden-Krull Co. of Milwaukee, commission merchants, did not take the rooms leased by him in the Hayes block as the firm went broke in Milwaukee on Saturday last. A number of speculators in this city are wondering where they will come out in their deals with the firm.

Amaza Hutchins, mayor of Rockford, was in the city today looking over the plans and specifications for the soldiers' monument to be erected by Rock county. The monument committee accepted the design offered by Mr. Hutchins, but did not award him the contract for furnishing the monument. The committee will meet tomorrow and open the bids for the erection of the monument.

The State Bank of Orfordville, Wis., is responsible and asks a careful scrutiny as to its promoters. Is recommended by four governors and many banks. Pays four per cent. on six months and 5 per cent. on 12 months time deposits.

FRANK FELLOWS IS SENT TO WAUKESHA

One of the Boys Caught Stealing Lead Pipe Goes to Reform School—Second Boy Released.

Frank Fellows and George Brestin two boys about seventeen years of age, were before Judge Fifield this morning charged with stealing seventy pounds of lead pipe of the value of \$420 from a house belonging to John W. Peters.

The house is located on North Bluff street and is being repaired. On Wednesday night Fellows and Brestin entered the house and carried off the pipe which they sold to Nathan Block, a junk dealer on West Milwaukee street.

Chief Hogan arrested the boys on Saturday night and placed them in the lock up.

They pleaded guilty to the charge this morning when brought before court. Fellows, who gave his age as seventeen the 25th of last November was sentenced to the reform school until he should attain the age of twenty-one years unless sooner released by law. This is his second offense, he having been up for stealing about a year ago. Judge Fifield gave him a lecture on the error of his ways and said he did not think the talk he gave him before when he let him go did him any good. The boy is allowed to run loose by his parents who did not care enough about him to go and see him from the time he was arrested until he was convicted. The judge felt satisfied that the reform school was the place for him.

Before he was arrested he told the court that Louis Buchholz was with them when they stole the pipe and helped to do the work. Chief Hogan said that he would attend to him.

George Brestin, the other boy was released by the judge on motion of district attorney as this was his first offense and up to this time had kept straight. Judge Fifield suspended sentence and after giving him a good talk and let him go. His father was in court and agreed to look out for him in the future.

Fellows was taken to the reform school at Waukesha this afternoon.

SPRING MOVING HAS BECOME EPIDEMIC

Man with the Dray and Express Wagon is the Autocrat of the Season.

The man with the dray or the express wagon is the autocrat of the day. A month ago the landlord held the scepter and people contemplating a change of residence bowed to his authority, but the landlord has temporarily abdicated his position as public dictator and the man who moves furniture is the king. He holds the key to the situation, whoever has the key to the house.

Being only human, the man with the furniture van is taking advantage of the wide demand for his services and the householder who finds himself obliged to move on May day must pay accordingly. A load of furniture that would two weeks ago have been cheerfully carted two miles and a half and carried up two flights of stairs for \$2, cannot now be transported six blocks and put in a first floor flat for less than \$7.

The streets are filled with heavy drays and smaller express wagons loaded to their greatest capacity and as one tenant moves out another moves in, to the distraction of the respective housewives and the exhibition of picturesque profanity on the part of the movers. There never were so many people on the move before for there has been a regular exodus from the smaller houses.

One of the most humiliating features of moving from the householders' point of view, and quite aside from the indignation which he is called upon to suffer at the hands of the furniture van man and landlord, old and new, is the transformation that his household goods undergo when once they are piled up for transportation.

The things that contributed to the artistic atmosphere of an attractive home look like the left overs of a rummage sale as they are carted through the streets and sensitive souls long for the cover of night to hide their apparent poverty. Mahogany and stained pine look alike from the top of a movers' van and an expert in textiles could not tell an

antique rug from a body Brussels carpet when either is used as wrappings for the baskets in which the glassware is packed.

"You can get accustomed to the discomforts of an annual moving," says a woman who boasts of having lived in six apartment houses in five years, "but you never get over the shock when you see your most precious belongings take on a resemblance to the tag ends of a day laborer's cottage furnishings."

The men who do the moving say that the women who put their faith in them rather than in their own ability to secure things against damage get along the best.

SATURDAY A BUSY DAY.

Janesville Music Company Make the Sale of Three Pianos.

Saturday was a busy day with the Janesville Music company. Three salesmen disposed of three pianos which were delivered to families in the Bower City. This well-known firm has been enjoying a thriving business of late their easy payment plan having met with much favor.

REHBERG'S BUSY DAY.

Clothing and Shoe Store Saturday Was Thronged With Purchasers.

Saturday proved a busy with the local merchants. Among the stores that were visited by eager buyers none were more crowded than the stores of Amos Rehberg & Co., on the bridge. In both the clothing and shoe departments the aisles were filled with buyers from early till late. Saturday night it was almost impossible to move about. Twelve clerks were required to wait on the trade. Saturday sales with Amos Rehberg & Co. have resulted in much benefit to the public, as popular prices are then in force.

SPRING A SENSATION IN THE BYRNE CASE

Certain Transactions in Which Well Known Young Men are Implicated May See the Light of Day.

The case of William Byrne against John Brown and Collin C. MacLean was taken up in the circuit court this morning. Mr. Byrne took the stand and was kept there the most of the morning. Mr. Byrne took the stand and the spectators to smile. He described what happened from the day that he was taken out of his office until he was landed in the lock up.

A number of young men about town are thinking of taking a vacation before a number of letters which are in the hands of the defendants attorneys are read. They relate to some of the business carried on by Byrne, and were introduced into court and identified by Byrne as belonging to him. The letters will create quite a sensation when they come to be read. The plaintiff's case will take up the most of the day. The defense will probably start on its side tomorrow.

Mrs. Cathrine Rich went into Chicago this morning on the 10:10.

The Way Our Coffees are Blended.

Chicago Flyer Is Ditched.
Grand Rapids, Mich., April 29.—The vestibuled Chicago flyer, No. 5, drawn by engine No. 67, leaving Detroit at 1:10 over the Pere Marquette western division, was ditched at sunfield, 112 miles out, at 4:15 a. m., by the rails spreading. The injured are: William Gossett, Grand Rapids, fireman; internally, probably fatal. Henry Fuller, engineer; scalded, serious. I. G. Sunfield, hand badly cut by thrusting it through a window. Mrs. C. Percy and daughter, Grand Rapids; cut and bruised. The train was going at fifty miles an hour when all at once the engine careened and plunged into a bank. The cars attached were torn from their trucks, but none was telescoped.

Calumet's Bitchous Spouse.
Cincinnati, April 29.—Mrs. Richard Grater, the wife of a house painter, on being unable to keep her husband from a saloon on Ludlow avenue, went to the place today with one of his buckets and a whitewash brush and calumet him from head to foot. He returned to the saloon after he had accompanied her home and changed clothing. Mrs. Grater followed him again and this time calumet him the saloonkeeper and his bar and its fixtures, and gave notice that she would repeat the performance to anyone selling liquor to her husband.

Carrie Nation Is Demented.
Wichita, Kan., April 29.—Mrs. Carrie Nation has been a raving maniac since last night, but at 6 o'clock her dementia subsided and Sheriff Simmons deemed it advisable to accept bond and will let her attend her brother's funeral if her friends will accompany her. He says she is hopelessly insane, but that he is glad to get rid of her. Mrs. Nation's insanity was of the acute stage, and she was tied in her cell part of the time to keep her from harming herself.

Thinks He Is Carrie Nation.
Columbus, Ohio, April 29.—Otto Jensen, a saloon-keeper at Ninth and Beck streets, suddenly became insane here. He imagines he is Mrs. Nation. Securing a meat ax he wrecked his own saloon, splitting the bar into kindling wood, smashing the mirror and wrecking the bottles and barrels. With each stroke of the cleaver he would repeat the name of Carrie Nation. The police finally succeeded in arresting him.

Horse Drags Girl to Death.
Red Oak, Ia., April 29.—The 12-year-old daughter of S. C. Norquist, a leading merchant of Red Oak, was killed while horseback riding with two girls. Her foot caught in a stirrup as the horse reared and she was dragged half a mile.

California Still Dry.
San Francisco, Cal., April 29.—Weather is still dry, no rain since April 5. Wheat crop is said to be in need of rain in some sections.

Ptomaine Causes Death.
New York, April 29.—Ptomaine poisoning caused the sudden death today of Mrs. G. L. Houghton, of Boston at the Hotel St. George, Brooklyn. Mrs. Houghton was the Massachusetts treasurer of the National Society of the Daughters of the American Revolution, which is in annual convention in Brooklyn. She became suddenly ill, and before her husband could be summoned she was dead. The doctor said her death was due to eating infected oysters.

End of Ice Jam Near.
Port Huron, Mich., April 29.—Veselsmen believe that the end of the ice jam, which has stopped navigation for nearly a month, is in sight, and that boats will be able to run between Lake Erie and Lake Huron by May 1. The ice in the river at St. Clair and Marine City, which last week gave signs of starting, broke away this morning, and is now running fast.

20,000 Perish of Famine.
Vienna, April 29.—About 20,000 persons are reported to have died of famine in the Russian provinces of Kherson and Bessarabia since February, and the famine cannot fail to reach a stage of even greater severity before the crops of 1901 mature. The provincial authorities are at a loss in face of the vastness of the calamity.

Murder at Country Dance.
Kankakee, Ill., April 29.—At a farmhouse dance near Gilman last night, Edward Morrison of Crescent City killed Walter Morris and fatally wounded Morris' brothers, James and Philip. Walter Morris' exclusive attentions to a young woman, coupled with the fact that liquor had been freely drunk, led to the shooting.

Homeowners' Excursions via U. & N. W.
March 19, April 2 and 16, May 7 and 21 June 4 and 18.
On above dates the C. & N. N. R. will sell round trip excursion tickets to points west, south and southwest, including Denver, Colorado Springs and Pueblo, at one fare plus \$2 for round trip, limit 21 days. For further information see ticket agent C. & N. W. passenger depot. Telephone 35.

372.50 to San Francisco, Cal., and Return via C. M. & St. P. R. R.
On May 7th and 8th, good to return 30 days from date of sale, acct. launching battleship Ohio. Further particulars at passenger depot.

Career and Character of Abraham Lincoln
An address by Joseph Chouteau, Ambassador to Great Britain, on the career and character of Abraham Lincoln—his early life—his early struggles with the world—his character as developed in the later years of his life and his administration, which placed his name so high on the world's roll of honor and fame, has been published by the Chicago, Milwaukee & St. Paul railway and may be had by sending six (six) cents in postage to F. A. Miller, General Passenger Agent, Chicago, Ill.

Imitators have been many. Thoughtful people have learned that true merit comes only with the genuine Rocky Mountain Tea made by Madison Medicine Co. 35c. Smith's pharmacy; kodak agents, next to postoffice.

Pan American Exposition Rates via C. M. & St. P. R. R.
One fare plus one dollar via route of ticket, for the round trip, on May 7, 14, 21, and 28; good returning to leave Buffalo not later than midnight of the Saturday following date of sale. From April 30 to May 31; daily, at rate of one and one-third fare for the round trip; good for 15 days. Further particulars at passenger depot.

Very Low One-Way Rates via C. M. & St. P. R. R.
On February 12, 19 and 26; March 5, 12, 19 and 26; and April 2, 9, 16, 23 and 30, to points west and northwest, and rates and territory call at passenger depot.

The Oldest and Best.
S. S. S. is a combination of roots and herbs of great curative powers, and when taken into the circulation searches out and removes all manner of poisons from the blood, without the least shock or harm to the system. On the contrary, the general health begins to improve from the first dose, for S. S. S. is not only a blood purifier, but an excellent tonic, and strengthens and builds up the constitution while purging the blood of impurities. S. S. S. cures all diseases of a blood poison origin, Cancer, Scrofula, Rheumatism, Chronic Sores and Ulcers, Eczema, Psoriasis, Salt Rheum, Herpes and similar troubles, and is an infallible cure and the only antidote for that most horrible disease, Contagious Blood Poison.

A record of nearly fifty years of successful cures is a record to be proud of. S. S. S. is more popular today than ever. It numbers its friends by the thousands. Our medical correspondence is larger than ever in the history of the medicine. Many write to thank us for the great good S. S. S. has done them, while others are seeking advice about their cases. All letters receive prompt and careful attention. Our physicians have made a life-long study of Blood and Skin Diseases, and better understand such cases than the ordinary practitioner who makes a specialty of no one disease.

We are doing great good to suffering humanity through our consulting department, and invite you to write us if you have any blood or skin trouble. We make no charge whatever for this service.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

300 Shots Fired in a Riot.
Dixon, Ky., April 29.—Several union miners today fired on non-union men who came here to work in the mines. One union man was arrested and friends attempted to rescue him. Three hundred shots were fired. No one was struck, but two horses were shot, one from under Deputy Wallace. Deputy Litchfield was run over and badly hurt. The prisoner was lodged in jail here.

Outlaws Are Coward.
Frankfort, Ky., April 29.—Captains Henry Lillis and Fred Gordon returned last night from Letcher county, where they went to organize and muster in the new military company. They found the situation somewhat relieved and it is believed that the outlaws will surrender in a short time.

Admits Crime on Scaffold.
Las Cruces, N. M., April 27.—Toribio Huerta was hanged here for the murder of a companion whom he shot to obtain \$45 while they were traveling on foot near Aden, N. M.

On the scaffold Huerta acknowledged his crime, having already made a confession.
I. W. Harper Whiskey awarded Gold Medal at Cotton Exposition, New Orleans, '85. Gold Medal at World's Columbian Exposition, Chicago, '93. Gold Medal at Paris Exposition, 1900. The kind your grandfather used still leads. Absolutely pure. Sold by Kehoe & Cullen, Janesville, Wis.

Half the ills that man is heir to comes from indigestion. Burdock Blood Bitters strengthens and tones the stomach; makes indigestion impossible. Accidents come with distressing frequency on the farm. Cuts, bruises, stings, sprains. Dr. Thomas' Eucalyptic Oil relieves the pain instantly. Never safe without it.
"Little Colds." Thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds, cures big colds too, down to the very verge of consumption.
Itching piles? Never mind if physicians have failed to cure you. Try Doan's Ointment. No failure there. 50 cents, at any drug store.

Homeowners' Excursions via C. M. & St. P. R. R.
March 5 and 19; April 2 and 16; May 7 and 21; and June 4 and 18, good for 21 days, to points west, south and southwest; at one fare plus \$2 for the round trip. Further particulars at passenger depot.

HOLE IN THE LUNGS

There are thousands of men and women, as well as even children, who have a hole in their lungs; consumption stopped.

Consumption stopped is consumption cured. What does it?

Some change in the way of life and Scott's emulsion of cod-liver oil.

With the emulsion, give some attention to circumstances: change from a dark, damp close room to a sunny dry airy one; from city to country; from hard to an easy life; indoors to out.

A hole in the lungs once healed is no worse than a too-tight waist or waistcoat.

Take the emulsion, and give it a chance to heal the wound.

We'll send you a little to try, if you like, SCOTT & BOWNE, 409 Pearl street, New York.

EVANS & MORRIS, Architects.
429 Hayes Block.

NOTICE TO BUILD SIDEWALK.—To the owner of lot one hundred seventy (170) in Mitchell's Third Addition to the city of Janesville, Rock County, Wisconsin. You are hereby notified to build a standard sidewalk, as required by the ordinances of said city in front of your said lot, and upon Palm street, forthwith, and that if you fail to complete the same within twenty days after the service upon you of this notice, the work will be done by the city, and the expense thereof charged to and levied upon such lot as a special tax.

Dated April 27, 1901.
By order of the common council of the city of Janesville, Rock County, Wisconsin.
N. FREDERICKS, Street Commissioner.

HARD FIGHTING IN CHINA

Germans in Four Battles with Chinese Troops.

ENEMY IN STRONG POSITION.

Count Von Waldersee Reports Severe Engagements Beyond the Great Wall, the Chinese Being Defeated—A German Lieutenant Shot.

Berlin, April 29.—The German war office has received the following dispatch from Count von Waldersee: "Three engagements occurred April 23 and a fourth April 24 at the Great Wall, between four columns under General Kettler and the Chinese troops under General Liu. The Chinese were everywhere defeated, and after a stubborn resistance were forced back over the wall, being pursued as far as Ku-Kuan. Our casualties were four officers wounded and three men killed and two wounded. The French troops were not engaged."

Subsequently the following additional dispatch regarding the four engagements was received from Count von Waldersee: "General Kettler's brigade, re-enforced marched in four columns against the Great Wall, Colonel Ledebur's being the right wing, then those commanded by Colonel Hoffmeister, Colonel Wallmerich and Major Huehnenfels. Ledebur reached the wall April 24, after a slight engagement near Hai-Shan-Kwan.

Fought for Eleven Hours. "Hoffmeister drove back the enemy April 23. On the same day Huehnenfels encountered a strong party of the enemy occupying a position on the heights commanding the pass. The enemy fought stubbornly, in a particularly strong position, which was only taken after eleven hours' fighting. Huehnenfels and Lieutenant Richert were slightly wounded and Lieutenant Dreweils was severely wounded. A standard bearer and another were killed, and six men severely wounded and ten slightly wounded. Wallmerich attacked and dispersed, April 23, a far superior force of the enemy in a strong position east of the breach of Hai-Ho and effected a junction on the battlefield with the battalion under Major Muelmann, from Tsing-Ching, which taking up the pursuit, overtook the enemy in a fresh position to the south. This was captured and the enemy were pursued as far as Ku-Kuan, Wallmerich following them thither. The enemy suffered severely. Eleven old and two new quick-firers were captured. On our side one man was killed and three were severely wounded and nine slightly. Lieutenant Deustenberg was shot through the right arm. The enemy are everywhere in retreat. General von Lessel has arranged with General Bailloud that the French troops shall occupy Ku-Kuan for the present and secure his left flank. Kettler's brigade is marching by short stages to Pao-Ting-Fu, and Huehnenfels' battalion along the mountains to Pekin."

Awaiting the Chinese Version. Pekin, April 29.—The report of General Kettler, received here from Kuo Lu, differs from the other reports concerning the German-French expedition previously received. General Kettler's report shows that the Chinese troops did not leave the province till they were forced to do so. Li Hung Chang says it is impossible to believe the general, Lui-Kwang-Ting, would have so flagrantly disobeyed his orders, and anxiously awaits the Chinese report of the encounter referred to by General Kettler.

BOXERS ATTACK VILLAGES.

Band of 1,000 Operating South of Pao Ting Fu.

London, April 29.—A Reuter dispatch from Pekin says: "A band of Boxers, estimated at 1,000, is operating twenty miles south of Pao Ting Fu. It has raided three villages within a week and threatens to massacre the Christians in that vicinity, many of whom has fled to Pao Ting Fu for refuge."

"In the Man-Cheng district, northeast of Pao Ting Fu, another strong band is committing depredations, and intends to attack Man-Cheng, where there is a post of twenty German soldiers."

"Even Pao Ting Fu, since the town was denuded of troops, is not wanting in evidence of unrest among the disorderly elements of the population."

"Competent observers believe that the worst class of Chinese are only awaiting the withdrawal of the foreign troops to resume the campaign of extermination against native Christians."

"The Boxers who are active in these districts are composed of the worst characters in the province. They prefer brigandage to honest labor, and they are reinforced by people rendered desperate by being driven from their homes by foreign troops and by being compelled to witness the killing of their kinsmen without provocation."

"The evil appears to be growing."

Cripple Creek Gold Output. Colorado Springs, Colo., April 29.—Carefully compiled statistics by the Gazette show that the gold production of the Cripple Creek district up to the close of the present month makes a grand total of over \$100,000,000. Gold was first discovered in this camp in 1899.

Fred Dickson Killed Himself.

Quincy, Mass., April 29.—Fred Dickson, a well-known singer and a member for years of the Bostonians, was found hanging in his cottage at Hough's Neck today. He probably committed suicide some time yesterday.

EXPECTS TO RESUME DUTY.

Minister Conger Says He Asked Leave of Absence.

San Francisco, Cal., April 29.—United States Minister Conger leaves this city for Council Bluffs, Iowa. He will go via Denver and expects to reach the Missouri river Wednesday morning. Regarding his leave of absence from China, Mr. Conger said that all the stories to the effect that suggestion of the leave emanated from the state department were pure fiction.

Asked for Leave of Absence.

"I applied for the leave on my own motion, with the expectation of returning to China and joining in the resumption of negotiations. No flag was held higher than our in China, and the story that President McKinley and the secretary of state were disappointed is pure invention. If you say anything on this topic publish the fact that the president and secretary of state sent the United States minister a telegram of congratulation. I was advised that reports might be published that friction existed between the state department and the legation, and was told by the secretary to pay no heed to such statements."

No Truth in Reports.

"I know," remarked Mr. Conger, "that stories are afloat stating that President McKinley is not wholly satisfied with my official conduct in China, and in order to relieve the situation of embarrassment to myself and the administration has hinted to federal officeholders that my election to office of governor of Iowa was desirable. Nothing could be further from the truth. The president would never countenance such action. We are friends and served together in congress. He knows me, and knows that if I suspected that his confidence in my judgment was in the slightest degree impaired that I would instantly resign."

Oregon, Washington and Idaho

is the title of a new booklet descriptive of those states, a copy of which, with a new map of the Columbia River region, will be mailed free on receipt of six cents in postage by W. B. Kniskern, 22 Fifth ave., Chicago, Ill.

Aginaldo's submissive attitude indicates that he knew he was fighting against fate and his better judgment.

OFFICIAL NOTICE.

STREET ASSESSMENT NOTICE.
Published by authority of the Common Council of the city of Janesville.
Office of the city clerk.
Janesville, Wis., April 27, 1901.

To Whom It May Concern: Notice is hereby given that the final reports of the street assessment committee on improving South Second St. from the westerly side of Wisconsin St. to the easterly side of East St.; South Third St. from the easterly side of South Main St. to the westerly side of Jackson St.; North Third St. from the easterly side of East Milwaukee St. to the southerly side of N. First St.; Franklin St. from the southerly side of Dodge St. to the northerly side of Pleasant St.; Pleasant St. from the easterly side of High St. to the westerly end of Mitchell's Fourth Addition; Academy Street from the southerly side of West Milwaukee St. to the northerly side of Pleasant St.; to the northerly side of Pleasant St.; and Marion Street from the southerly side of West Milwaukee St. to the northerly side of Pleasant St.; by grading, macadamizing and the laying of gutters and otherwise improved at the expense of the property benefited thereby, are now on file in my office, and that the common council in the city of Janesville, at a meeting thereof, to be held in the council chambers, in said city, on the 6th day of May, 1901, at 8 o'clock p. m., will consider said reports and hear all objections which may be made thereto, and determine what portion of the cost of said improvement, if any, shall be paid by the city at large.

A. E. BADGER, City Clerk.

Who Is Your Favorite Teacher?

If you will cut out the coupon shown here, fill in the name of the teacher you like best and forward it to the Dramatic Editor of the Gazette, the chances are she will secure the theatre box of 3 seats, which the Gazette offers for the production of "The Stoops to Conquer" (at Myers Opera House, May 3rd. Oliver Goldsmith, the noted poet, is author of this great play and Stuart Robson, the renowned actor, will give the production, it will be a most noteworthy event. This theatre box is to be given absolutely free to the most popular teacher in the Janesville schools, and the coupons will decide this point. Send or bring your coupon to the Gazette as fast as possible to avoid any delay on count. Voting closes Thursday, at 12 o'clock.

STUART ROBSON

Going to Build

Whether you contemplate building at an early date or not, you should have a copy of "BAKER'S TWENTIETH CENTURY HOMES." It is the most complete book of Architectural Designs published.

Nearly 100 pages, printed on heavy enamel paper. It is not a theoretical book. Every design shown is from the actual working plans of buildings that have been erected under the direction of our supervising architect. Consequently it is practical in every respect.

It embraces subjects from an attractive cottage at a few hundred dollars to a modern, up-to-date residence, costing many thousand dollars.

The perspectives are full-page illustrations while the floor plans are half-page sketches.

The descriptions are complete and easily understood; in fact it is an ideal book of practical, up-to-date designs and intelligent descriptions.

The regular price is \$2.00 but we would like to present you a copy free of charge.

If you could call at our office we would take pleasure in presenting you a copy free of charge. As this is not possible, we will send you a copy by express, charges prepaid, upon receipt of only 25c, to cover cost of transportation.

Omega Oil

Gold in the Chest

Now, see here a minute, my friend. You ought to know that you can't cure a cold in the chest, or sore throat, or shooting pains in the lungs, by swallowing medicines. The stuff you swallow goes into your stomach, and your trouble is not there at all. What you want to do is to rub your throat and chest with Omega Oil, and do it quick, too. Nature made this oil for exactly this purpose. It subdues and overcomes the inflammation and is at least a hundred times better than a sticky, itching, nasty porous plaster. Don't lose time fooling with such things, but start using Omega Oil as quickly as you can.

Tell your druggist you want Omega Oil and nothing else. If he refuses to supply you, the Omega Chemical Co., 257 Broadway, New York, will mail you a bottle prepaid for 5c, in cash, money order or stamp.

MEN'S MEETING WAS LARGELY ATTENDED

The men's meeting at the Y. M. C. A. Building yesterday afternoon was largely attended and was one of exceptional interest. Dr. F. F. Richards, who has recently moved here from Broadhead, was the leader, the subject of the meeting being Faith and Works. The principal addresses of the afternoon were made by Lynn Fox, general secretary at Ashland, Wis., and by W. F. McCoy, who is one of the recent converts to our city. Mr. McCoy has been prominent in Y. M. C. A. work for many years and has served both as state secretary of Ohio and as a member of the international committee.

Several other brief addresses were made and there was excellent music by the Y. M. C. A. orchestra. Owing to the illness of one of the singers, the male quartet was not able to appear on the program.

Appleton vs. Janesville.

Assemblyman E. Ray Stevens of Madison, has accepted the invitation to serve as judge at the debate between the Appleton and Janesville High school representatives in this city next Friday evening. The question for debate is, "Resolved that China should be partitioned." The Janesville debaters will take the negative of the question. The other judges, who have been named before are United States Pension Agent E. D. Coe and Ernest N. Warner, a prominent attorney of Madison.

\$72.50 from Janesville to San Francisco, Cal., and Return.
Via the North Western Line. Excursion tickets will be sold May 7 and 8, limited to return within 30 days, inclusive, on account of the launching of the Battleship Ohio. Apply to agents Chicago & North-Western R'y.

Reception to Parents.

Active preparations are being made in the various schools for the receptions to be given to the parents next Friday afternoon. These receptions will be given in each of the grade schools except the Douglas and Grant schools. The Douglas school has already given its reception and the Grant school will defer its exhibition until a later date. The receptions will be conducted on the same line as the one already given in the Douglas school, consisting of exhibits of the work which has been done by the pupils. The invitations to the parents have been written by the children themselves and they are taking a great deal of interest in getting ready for the entertainment of their parents.

Dr. and Mrs. J. F. Pember and Mr. and Mrs. J. F. Sweeney returned Sunday morning from Chicago where they attended the Grand opera.
